Capt Priyank Verma

I had started my aviation journey with Capt. Saurabh Jain back in 2018. His patience, knowledge and delivery of the subject matter not only ensured that I passed my DGCA examinations with relative ease but also helped throughout my pilot training.

My concepts in my field have remained strong and has helped me to do my job with utmost confidence. A strong foundation paved my way for a steady career in aviation.

First officer at Indigo

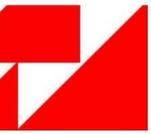

Looking back as an IndiGo pilot, I owe a great deal to Captain Saurabh. His teaching wasn't just for the exams it was for the cockpit. His lessons on professionalism and airmanship have been my guide throughout my career. A true mentor.

Yajushi Singh
First officer at Indigo

I had a great experience attending my CPL ground classes at Saurabh Jain Aviator Academy. Saurabh Sir explains complex aviation subjects in a clear, structured, and practical way, making them easy to understand even from scratch. The focus on real world flying knowledge, strong concept clarity, and open doubt solving approach really stood out. The study material was well-organized and aligned with DGCA, making exam preparation efficient. I highly recommend this academy and building a strong foundation as a professional pilot.
